Local Rule 134(c):

(c) Technical Failures. The Clerk's Office shall deem the District ECF site to be subject to a technical failure on a given day if the site is unable to accept filings continuously or intermittently over the course of any period of time greater than two hours after 2:00 p.m. on a given day. Known systems outages will be posted on the web site, if possible. CDs or other electronic media may be filed with the Clerk's office during a time of technical failure.

(1) Untimely Filings Due to District ECF Failure. A party may file on the next business day following the technical failure that is announced on the Court's website. If the technical failure is not announced on the Court's website, then the party must file the document as promptly as possible and seek appropriate relief from the Court.

(2) Service Required Despite Court's Technical Failure . If filing is impossible due to the District's ECF failure, counsel shall timely serve the document directly on all counsel in the action by e-mail, overnight delivery or other expeditious means appropriate to the circumstances.

CM/ECF Outages

Start Date/Time (PST)	End Date/Time (PST)	Explanation
